- All updates can be found on our blob: [Program Requirements - Microsoft Trusted Root Program | Microsoft Learn](#)

SURVEY RESULTS

- Response rate – 50%
- Extending response by date to June 15th, 2024
- Emails have been sent with link to survey as well as Word version of the survey
- Please reach out to me, hasokol@microsoft.com, if you need further clarification or links

TESTING EXPECTATIONS

Root Store Certificate Trust List (CTL)
updated monthly (except January, July
and December)

Update packages will be available for
download and testing at
<https://aka.ms/CTLDownload> - Please
confirm testing when asked!

If your CA has changes in a release, you
will be notified about testing once the test
changes are live. We ask that you test the
changes **within 5 business days of
notice** and confirm that certificates
are working or not working as expected.

Additionally, if you want to be ahead
of the curve, end users can sign up to
participate in the Windows Insider
Build flighting program that will allow
users to catch additional use cases

INCIDENT RESPONSE

- Notify Microsoft promptly when facing an incident.
- Negligence or non-conformance to notification requirement may result in removal.
- Visit aka.ms/rootcert for guidance and email us any ongoing Bugzilla case links.
- For signing certificates, monitor non-leaf certificates for private key compromise.
- In case of compromise, inform us at tmsroot@microsoft.com for all non-revoked non-leaf certificates, including active and expired ones.
- Learn more about incidents and reporting at:
<https://learn.microsoft.com/en-us/security/trusted-root/incident-reporting#ca-responsibilities-in-the-event-of-an-incident>
